you will receive a **massive**

15% DISCOUNT

As a key supplier into Europe, Rapid Industrial Fasteners manufacture ISO FIT GALV fasteners and specialise in hexagon head products such as DIN 931, DIN 933, 6914, DIN 912, DIN 7991 AND 7380. We also have the capacity to supply allthreads and engineering studs ranging from M8 up to M64 in various grades of material. Our manufacturing capacity allows us to machine in length from 20mm up to 600mm long.

*Price shown is exclusive of VAT and subject to our terms and conditions of sale.
Offer available to all new customers only and valid until 01.07.22
